VISION

The best education happens when children receive the same message and example at home and school

GUIDING PRINCIPLES

FAITH & CHARACTER

We offer an education rooted in the Catholic tradition, which forms children and young people in virtue, purpose, and a deep relationship with God - preparing them to flourish for life, not just exams.

ACADEMIC EXCELLENCE

Rigorous, engaging education with high expectations. Every student is known by name and guided to reach their full potential.

PARENT PARTNERSHIP

We truly believe that parents are the first educators of their children. Our school's approach to education partners with, and supports, parents in the formation of their children so that they become people of strong character and faith.
